15-cv-8814 (KBF)

ORDER

At a telephonic status conference held on September 23, 2016, the parties informed the Court that they had reached a settlement in principle. The Court instructed the parties to file a formal letter referencing this settlement in principle not later than September 29, 2016 and informed them that, if none were filed, the Court would request a update from the parties. The parties have not filed anything on the docket since the status conference; accordingly, the Court hereby requests that the parties notify it of the status not later than **Thursday, October 20, 2016**. If no letter is filed by that date, the Court will assume the matter has been settled and will dismiss the case.

SO ORDERED.

Dated: New York, New York
